

What will I do?

In about 12 months, we may contact you to do a quick 15 minute phone survey. In the survey we will ask you to:

- Tell us what you liked and didn't like about your treatment
- Tell us how you think the program could be better
- Tell us how you are doing

Why should I sign up?

Why not? Everyone has a different treatment experience and we want to hear about yours!

After you finish the survey, the University of Kentucky will send you a \$20 check to thank you for your time.

Who will see my answers?

No one.

Not even your family, partner, or counselor will know what you say.

Your name is never attached to your answers so they can't be traced back to you.

Why should I trust that my information will stay private?

UK has a Federal Certificate of Confidentiality for this project. This means we can't be forced to give out any of your information, even under a court subpoena.

Your opinions matter!

For just 15 minutes of your time, you can help make treatment programs in Kentucky better.

Let your voice be heard.

How do I sign up?

All we need is:

- Your agreement to be in the study
- The best phone number to reach you
- An address where you get mail

None of your information will ever be given out and we're **not** a part of your treatment program.

Last Year 1,225 people completed the survey with us, sharing their thoughts and opinions.
