Recovery Center Outcome Study – Phase 1 Intake Interview

Revised July 2018

Please use the online data collection program through the data entry link at <https://ukcdar.uky.edu/rcos>

If you have to use the paper version for an interview (i.e., internet is down, no computer available at the interview time), be sure to enter the paper responses in the online RCOS website within 7 days so that the data can still be used for the study.

PLEASE NOTE: All client information is confidential (with identifiers stored separately from intake responses), is encrypted (or scrambled) such that only those with a specific key can read them, and can only be accessed by authorized staff. Identifying information is used for matching service event data.

Program staff, please answer the following questions before beginning the interview with the client:

1. What is your date of birth? _____ (YYYY-MM-DD)
2. How old were you on your last birthday? _____
3. Client's social security number: ____ - ____ - _____
4. What is the name of this facility?

5. To track clients accurately and to allow us to contact program staff if we have questions, please enter the contact information the staff member conducting the intake interview with the client.

- a. Clinician/Staff Person's First and Last Name: _____
- b. Clinician/Staff person's email: _____
- c. Clinician/Staff person's work phone number (_____) ____ - _____

6. Date of intake interview—the date this interview is/was actually completed with a client:

_____ (MM/DD/YYYY)

Note: If you are recording the interview responses on the paper version please enter it into the web data collection survey within 7 days.

7. Date this client entered this Recovery Center (S.O.S entry): _____ (MM/DD/YYYY)

Note: The time period to be considered throughout this interview is when the client first entered this Recovery Center at S.O.S. If they have been in the Recovery Center previously and were discharged or left the program without completing it, then give the most recent entry into S.O.S. at the Recovery Center.

Introduction

The interview will help provide information to better understand the needs of individuals participating in recovery programs.

Recovery Center Outcome Study or RCOS is a research study with two parts. Recovery Center staff complete the first part during an interview with you when you enter Phase 1. This interview takes about 20 minutes. You will be asked questions by a staff member about your needs, physical and mental health, substance use history, treatment history, criminal justice system involvement history, education, employment, housing, and recovery support.

The information you report at the intake interview may be printed by the Recovery Center staff in a narrative format and used in your client files or for other purposes.

Part Two of RCOS is a 20-minute telephone interview that takes place in about 12 months from now.

*The **University of Kentucky is responsible for interviews in Part Two of RCOS.** When they call you for a follow-up phone interview, they will remind you that this is part two of the **“UK Health Follow-up Study.”** The interviewers do not reveal your identity or that you were in a substance abuse recovery program. Clients who complete the **second half of the interview** are sent a “thank you” check for **\$20** from the University of Kentucky.*

*It is very important for you to know that **all of your Follow-Up Interview information is confidential.** Your name will never be reported or even linked with the answers given in the follow-up survey. When we write up reports they include overall findings about the entire group of participants, not individuals. We have a **Federal Certificate of Confidentiality that prohibits us from ever revealing information about a person, even under a court order.** Your responses to the follow-up survey questions are well protected.*

Your participation helps improve future recovery options for others like yourself!

Please read over the consent form and decide if you’d be willing to complete the RCOS interviews.

RECOVERY CENTER CONSENT TO PARTICIPATE IN AN OUTCOME STUDY
University of Kentucky Medical Center, Center on Drug and Alcohol Research
UK Health Follow-up Study
Valid until 3/28/2019

WHY AM I BEING ASKED TO TAKE PART IN THIS RESEARCH?

You are being asked to take part in a research study of Recovery Centers. You are being asked to do this because you are a client of a recovery support program in Kentucky. Your participation in this research project is completely voluntary. If you take part in this study, you will be one of about 200-300 people per year to do so. This research study is separate from your taking part in services at the Recovery Center. Your taking part in the study is not required for admission to the program.

WHO IS DOING THE STUDY?

The Principal Investigator in charge of the study is Dr. TK Logan. She is a Professor at the University of Kentucky. Robert Walker, M.S.W., L.C.S.W., and Jennifer Cole, Ph.D. also work with the study. Other professionals who work with the investigators may help them with the study.

WHAT IS THE PURPOSE OF THIS STUDY?

The purpose of this study is to gather information about substance abuse and related behavioral health problems. It also studies employment, education, housing, legal status, stress and health status and your use of behavioral health services. It is also for the purpose of evaluating how people benefit from Recovery Center services.

WHERE IS THE STUDY GOING TO TAKE PLACE AND HOW LONG WILL IT LAST?

During Phase 1 intake, program staff will ask you questions about substance use and related behaviors. In addition, twelve months after you entered Phase 1 of the Recovery Center, UK will contact you by telephone for a follow-up interview. For both interviews, the total amount of time for this study is about 1 hour over the next year. In general, we usually contact about 20% of the persons who agree to participate in the follow-up study. Therefore, your chances are about one in five of being contacted for follow-up.

WHAT WILL I BE ASKED TO DO?

You will be asked to answer questions about your experiences at the Recovery Center as well as your substance use and related behavioral health problems. You will also be asked about your employment, education, housing, legal status, stress, and your use of services. You will be asked these questions, but you will not be asked to take part in any experimental treatments or procedures. The Recovery Center will also supply us with information about your length of stay in the program and your program status.

You will also be asked to give contact information. This includes the names, addresses, and phone numbers of two persons who would be most likely to know how to reach you at the time of follow-up about 12 months from now. We may call you to update your information so we can reach you for the follow-up. If we call you for a follow-up interview by telephone, you will be asked some of the same questions asked during your Phase 1 intake interview. This follow-up telephone interview takes about 20 minutes.

You or the people you list as contacts may be contacted by phone, mail, email, or through social networking sites such as Facebook in order to reach you to complete the follow-up interview. We may use publicly available databases to find updated information in order to contact you about completing the follow-up

interview. In some cases, we may confidentially try to contact you through addresses or phone numbers that are or have been linked to you in some way by mail or phone. When trying to contact you, the researchers will continue to keep your connection with a Recovery Center confidential. You are also asked to let the researchers use state information about the number and types of state-funded services that you received.

ARE THERE REASONS WHY I SHOULD NOT TAKE PART IN THIS STUDY?

There are no conditions that would keep you from taking part in this study.

WHAT ARE THE POSSIBLE RISKS AND DISCOMFORTS?

There are no known risks to participating in these interviews. It is perhaps possible that the questions will cause you some emotional discomfort since they might cause you to remember times when you were unhappy or under stress. Also, some people may be uncomfortable talking about confidential information. Because of the steps we have taken to protect your privacy, the risk of unauthorized disclosure is minimal. If you have some discomfort during the intake interview you can speak about it with Recovery Center staff and at follow-up you will be offered referral to agencies nationally and in your area.

WILL I BENEFIT FROM TAKING PART IN THIS STUDY?

There are no direct benefits to you for taking part in the Recovery Center Outcome Study. However, some people find it helpful to be interviewed about their lives and their substance use because it helps them see their health in a different light. Also, these questions about substance use might help you see a need for change and this can be a benefit.

DO I HAVE TO TAKE PART IN THIS STUDY?

If you decide to take part in this study, it should be because you really want to volunteer. You will not lose any benefits or rights you would normally have if you choose not to volunteer. You can skip any question you do not want to answer and stop at any time during the study and still be in good standing with the Recovery Center.

IF I DON'T WANT TO TAKE PART IN THE STUDY, ARE THERE OTHER CHOICES?

If you do not want to take part in this study, there are no other choices except to not take part in the study.

WHAT WILL IT COST ME TO TAKE PART IN THIS STUDY?

You will not have any cost for participating in the Phase 1 intake interview or the 12-month follow-up interview

WHO WILL SEE THE INFORMATION THAT I GIVE?

Because of the steps we have taken to protect your privacy, the risk of unauthorized disclosure of information is minimal. Your information will be combined with information from other people taking part in the study. When we write about the study, we will write about the combined information we have gathered. You will not be identified in these written materials. When we publish the results of this study, we will keep your name and other identifying information private. Recovery Center staff will ask for your social security number but it will be encrypted to keep it secure and protected. This number will help us match all information clearly to your file; however, if you do not want to give us your social security number, you can still take part in the study. All information is stored in computers that are secure and under password protection. Files are encrypted to further protect your confidentiality.

We have obtained a Confidentiality Certificate from the US Department of Health and Human Services (DHHS) to protect the researchers from being forced, even by a court subpoena, to identify you. (The Confidentiality Certificate does not imply approval or disapproval of the project by the Secretary of DHHS.) You should know, however, that we may provide information to appropriate individuals or agencies if harm to you, harm to others, or child abuse is disclosed to us. In addition, the agency funding this research (The Kentucky Housing Corporation) and the staff of the University of Kentucky may also see your information if necessary.

WILL I RECEIVE ANY REWARDS FOR TAKING PART IN THIS STUDY?

You will receive \$20.00 for a completed follow-up interview at 12 months after you entered Phase 1. In order to get the \$20.00 you must take part in the follow-up interview, and then payment will be mailed to you. If you are paid over \$600 in any year from various studies, the University of Kentucky has to report this as income to the IRS. There is no compensation for completing the Phase 1 intake interview.

WHAT IF I HAVE QUESTIONS?

Before you decide whether to participate in this follow-up study, please ask any questions that might come to mind now. Later, if you have questions about the study, you can contact the Investigator, Professor TK Logan at 859-257-8248. If you have any questions about your rights as a volunteer in this research, contact the staff in the Office of Research Integrity at the University of Kentucky at 859-257-9428 or toll-free at 1-866-400-9428. We will give you a copy of this consent form to take with you.

WHAT ELSE DO I NEED TO KNOW?

This study is funded by the Kentucky Housing Corporation to better understand recovery support programs in Kentucky. You will be told if any new information is learned which may influence your willingness to continue taking part in this study.

By choosing the appropriate option below, the client agrees to completing a Phase 1 intake interview and to being contacted by telephone in approximately 12 months for a follow-up interview. About one in five people are contacted for a follow-up interview.

- I agree to participation in the research study.
- I do NOT agree to participation in the research study.

If client answers "I do NOT agree" (The interview ends and no data are saved)

If client answers "I agree" (Continue with the interview)

Thank you for agreeing to be in the study! This section is the locator information that will help UK contact you for a short follow-up interview about 12 months from now. Please enter as much information as possible.

The UK Health Follow-up Study will ONLY use this information to locate you for a follow-up interview. Like the responses you give to the interview, the locator information is stored encrypted in a password-protected file to which only approved study staff has access.

BASIC CLIENT INFORMATION

These first few questions asks for information so that you can complete the follow-up interview 12 months from now and to learn a little more about what services you might be interested in.

Calendar

The questions in this interview ask about a variety of timeframes. Some questions will ask about **ever**, others will ask about the **6 months or 30 days before** you entered this program. To help you remember what timeframe we are going to be talking about, we will use a calendar we fill out together. Because this may have been a while ago, to help you remember I would like to ask you for something memorable about any of those months.

Note: It is not necessary to spend a lot of time answering these questions. These questions are meant to help jog the client’s memory and to help anchor the timeframes that will be referred to throughout the interview.

1. Fill in the appropriate dates going back 30 days (starting with the most recent 30 days). Then fill in the rest of the calendar so that a 6-month period is showing.
2. Each month should then be anchored in at least one event that has special meaning for the client (*Note: not all holidays or special days mean the same thing to all clients so it is critical that they decide what to put for each month as an anchor*).
 - a. Any holidays or other special days during this period (e.g., Halloween)
 - b. Any birthdays for you, your partner, your children, or other close relative
 - c. Did anything special (positive or negative) happen to you in this time period? (e.g., change in job, major illness, start school, graduate, pregnant)
 - d. Did you move at all during this time period? What months did you move?
 - e. Any changes in your relationship status during these months?
 - f. Anything else memorable that you can think of?

<u>Month number</u>	<u>1 (past 30 days)</u>	<u>2</u>	<u>3</u>	<u>4</u>	<u>5</u>	<u>6</u>
<u>Month</u>						
<u>Event(s)</u>						

If using a paper copy please print and refer to this calendar throughout the interview.
If using the computer please refer to the calendar on screen throughout the interview.

Section B. Physical Health, Stress, And Quality of Life

The next few questions ask about physical health. Physical health is important to assess so that we can identify and track any health concerns and needs you may have.

1. How would you rate your overall health in the 6 months before entering this Recovery Center?

- 1 = Poor
- 2 = Fair
- 3 = Good
- 4 = Very good
- 5 = Excellent

2. Have you **ever** been told by a doctor that you had any of the following chronic medical problems? Circle ALL that apply.

During the time when you were anxious, did you...	No	Yes
Feel restless, keyed up or on edge?	0	1
Feel tense (i.e., muscle tension)?	0	1
Feel easily fatigued?	0	1
Have difficulty concentrating or have your mind go blank?	0	1
Feel irritable?	0	1
Have trouble falling or staying asleep or have restless sleep?	0	1

During the 6 months before you entered this Recovery Center, did you...

4. Have thoughts about ending your life or committing suicide? 0 = No 1 = Yes

5. Did you attempt to commit suicide? 0 = No 1 = Yes

6. How much do you worry about your personal safety?

- 0 = Not at all
- 1 = Only a little
- 2 = Somewhat
- 3 = A fair amount
- 4 = A great deal

This next set of questions asks about hurtful things that others may have done to you when you were a child (less than 18 years old). These questions are important because our background can sometimes influence our emotions and coping styles. Research has shown that stressful events that happen to us in childhood and things that happen to us as adults matter. The questions only have a YES or NO response and will not ask you to provide details about any of your experiences. **(Interviewer note: if the client is unsure of whether something happened or not please mark it as a no).**

<i>While you were growing up, before your 18th birthday:</i>	No	Yes
7. Did a household member go to prison?	0	1
8. Were your parents separated or divorced (before you turned 18 years old)?	0	1
9. Did you live with anyone who was a problem drinker or alcoholic or used street (illegal) drugs?	0	1
10. Was a household member depressed or mentally ill or did a household member attempt suicide?	0	1
11a. Did you often feel that you didn't have enough to eat, had to wear dirty clothes, and had no one to protect you?	0	1
11b. Did you often feel that your parents were too drunk or high to take care of you or take you to the doctor if you needed it?	0	1
12a. Did you often feel that no one in your family loved you or no one thought you were important or special?	0	1
12b. Did you often feel that your family didn't look out for each other, feel close to each other, or support each other?	0	1
13a. Was your mother or stepmother often pushed, grabbed, slapped, or had something thrown at her?	0	1
13b. Was your mother or stepmother sometimes or often kicked, bitten, hit with a fist, or hit with something hard?	0	1
13c. Was your mother or stepmother ever repeatedly hit lasting at least a few minutes or threatened with a gun or knife?	0	1
14a. Did a parent or other adult in the household often swear at you, insult you, put you down, or humiliate you?	0	1
14b. Did a parent or other adult in the household often act in a way that made you afraid that you might be physically hurt?	0	1
15a. Did a parent or other adult in the household often push, grab, slap, or throw something at you?	0	1
15b. Did a parent or other adult in the household ever hit you so hard that you had marks or were injured?	0	1
16a. Did an adult or person at least 5 years older than you ever touch or fondle you or have you touch their body in a sexual way?	0	1
16b. Did an adult or person at least 5 years older than you ever try to or actually have oral, anal, or vaginal sex with you?	0	1

17. The next group of questions asks about situations in which you may have been the victim of a crime, harmed by someone else, or felt unsafe in your lifetime and in the six months before you entered the recovery center. They are only yes or no questions and if you select yes, you will be asked if the perpetrator was a partner or ex-partner, an acquaintance or family member, or a stranger.

	Ever		In the 6 months before entering the program	
	No	Yes	No	Yes
a. Have you been robbed or mugged (someone stole your wallet, money, or other personal valuables) by force or threatened use of force?	0	1	0	1
If ever, was it by... (circle all that apply) 1 = a partner/ex-partner 2 = acquaintance or family member 3 = stranger (someone you did not know well)				
b. Have you been assaulted or attacked by someone?	0	1	0	1
If ever, was it by... (circle all that apply) 1 = a partner/ex-partner 2 = acquaintance or family member 3 = stranger (someone you did not know well)				
c. Have you been directly or indirectly threatened with a gun or held at gunpoint?	0	1	0	1
If ever, was it by... (circle all that apply) 1 = a partner/ex-partner 2 = acquaintance or family member 3 = stranger (someone you did not know well)				
d. Have you been stalked by someone who scared you?	0	1	0	1
If ever, was it by... (circle all that apply) 1 = a partner/ex-partner 2 = acquaintance or family member 3 = stranger (someone you did not know well)

f. Have you been abused by a dating or intimate partner?	0	1	0	1

(If NO to all of victimization questions, then skip to Section D)

18. Thinking about the experiences you just told me about, please indicate how much you have been bothered by those experiences in 6 months before entering the program.

In the 6 months before entering the program, how much:	Not at all	A little bit	Moderately	Quite a bit	Extremely
a. were you bothered by repeated, disturbing, and unwanted memories of those experience(s)?	0	1	2	3	4
b. did you avoid external reminders of those experience(s) (for example, people, places, conversations, activities, objects, or situations)?	0	1	2	3	4

In the 6 months before entering the program, how much:	Not at all	A little bit	Moderately	Quite a bit	Extremely
c. did you have strong negative beliefs about yourself, other people, or the world because of those experiences (for example, having thoughts such as: I am bad, there is something seriously wrong with me, no one can be trusted, the world is completely dangerous)?	0	1	2	3	4
d. did you feel jumpy or easily startled?	0	1	2	3	4

Section D. More About You and Your Living Situation

The next set of questions will ask you to tell us more about you, your family, and your living situation before you entered this Recovery Center. Family and living situation can be risk or protective factors for recovery.

1. Prior to coming to this Recovery Center, how would you describe your living situation? Select one. (Note: These options are from the HUD definition of homeless and are important to correctly classify)

- 1 = Your own home (name is on the deed)
- 2 = Rented an apartment with no assistance from government resources like Section 8 and your name was on the lease
- 3 = Rented an apartment with help from government resources like having a Section 8 voucher and your name was on the lease
- 4 = Jail/prison/detention center more than 90 days
