**James Wolf
Director**

Table of Contents

Executive Summary	11
Purpose, Objective, and Method.....	17
Study Design.....	17
Principal Findings	18
Approach.....	20
Acknowledgements.....	25
Demographics	27
Nicotine.....	31
Alcohol.....	35
Drugs.....	39
DSM-IV-TR Criteria.....	63
Treatment Utilization and Treatment Need	67
Attitudes and Beliefs.....	71
Alcohol and Drug Use Correlates.....	77
1998 Kentucky Adolescent Household Survey Comparison	79
Regional Comparisons.....	83
Concluding Remarks.....	87
References.....	89
Appendix: Survey Instrument.....	91

List of Figures

Figure		Page
	Section 2 - Demographics	
2.1	<i>Distribution of grade point averages</i>	28
	Section 3 - Nicotine	
3.1	<i>Percent of adolescent Kentuckians who ever smoked at least one and at least 100 cigarettes</i>	31
3.2	<i>Percent of adolescent Kentuckians who smoked at least one and at least 100 cigarettes by age group</i>	32
3.3	<i>Time since last cigarette</i>	33
3.4	<i>Percent of adolescent Kentuckians who ever used smokeless tobacco by gender</i>	34
	Section 4 - Alcohol	
4.1	<i>Lifetime alcohol use for adolescent Kentuckians by gender</i>	35
4.2	<i>Prevalence of alcohol use for adolescent Kentuckians by age</i>	35
4.3	<i>Average number of days per month of alcohol use for adolescent Kentuckians who drank within the past month by age and gender</i>	36
	Section 5 - Drugs	
5.1	<i>Lifetime, past year, and past 30 day marijuana use rates for adolescent Kentuckians</i>	40
5.2	<i>Lifetime marijuana use rates for adolescent Kentuckians by age and gender</i>	41
5.3	<i>Lifetime, past year, and past 30 day cocaine use rates for adolescent Kentuckians</i>	42
5.4	<i>Lifetime cocaine use rates for adolescent Kentuckians by age and gender</i>	43
5.5	<i>Lifetime, past year, and past 30 day other stimulant use rates for adolescent Kentuckians</i>	44
5.6	<i>Lifetime other stimulant use rates for adolescent Kentuckians by age and gender</i>	45
5.7	<i>Lifetime, past year, and past 30 day oxycodone use rates for adolescent Kentuckians</i>	46
5.8	<i>Lifetime oxycodone use rates for adolescent Kentuckians by age and gender</i>	47
5.9	<i>Lifetime, past year, and past 30 day other opiate use rates for adolescent Kentuckians</i>	48
5.10	<i>Lifetime other opiate use rates for adolescent Kentuckians by age and gender</i>	49
5.11	<i>Lifetime, past year, and past 30 day sedative use rates for adolescent Kentuckians</i>	50

Figure		Page
5.12	<i>Lifetime sedative use rates for adolescent Kentuckians by age and gender</i>	51
5.13	<i>Lifetime, past year, and past 30 day hallucinogen use rates for adolescent Kentuckians</i>	52
5.14	<i>Lifetime hallucinogen use rates for adolescent Kentuckians by age and gender</i>	53
5.15	<i>Lifetime, past year, and past 30 day club drug use rates for adolescent Kentuckians</i>	54
5.16	<i>Lifetime club drug use rates for adolescent Kentuckians by age and gender</i>	55
5.17	<i>Lifetime, past year, and past 30 day inhalant use rates for adolescent Kentuckians</i>	56
5.18	<i>Lifetime inhalant use rates for adolescent Kentuckians by age and gender</i>	57
5.19	<i>Lifetime, past year, and past 30 day other drug use rates for adolescent Kentuckians</i>	58
5.20	<i>Lifetime other drug use rates for adolescent Kentuckians by age and gender</i>	59
5.21	<i>Lifetime, past year, and past 30 day illicit drug use rates for adolescent Kentuckians</i>	60
5.22	<i>Lifetime illicit drug use rates for adolescent Kentuckians by age and gender</i>	61
Section 6 - DSM-IV-TR Criteria		
6.1	<i>Substance abuse for adolescent Kentuckians by gender</i>	63
6.2	<i>Three or more dependence criteria in their lifetime for adolescent Kentuckians by gender</i>	64
6.3	<i>Substance abuse for adolescent Kentuckians by age</i>	65
6.4	<i>Percent of adolescent Kentuckians who ever met three or more dependence criteria by age</i>	66
Section 7 - Treatment Utilization and Treatment Need		
7.1	<i>Reason for entering alcohol or drug treatment</i>	67
7.2	<i>Estimated percent of adolescent Kentuckians in need of treatment by race and ethnicity</i>	69
Section 8 - Attitudes and Beliefs		
8.1	<i>Percent of adolescent Kentuckians who believe they would be seen as "cool" if they used cigarettes, alcohol, or marijuana by age group</i>	71

Figure		Page
8.2	<i>Percent of adolescent Kentuckians who believe their parents think it is very wrong to use cigarettes, alcohol, or marijuana regularly by age group</i>	74
8.3	<i>Percent of adolescent Kentuckians who drink by grade point average</i>	75
8.4	<i>Percent of adolescent Kentuckians who use drugs by grade point average</i>	76
8.5	<i>Percent of adolescent Kentuckians meeting abuse or dependence criteria by grade point average</i>	76
Section 10 - Regional Comparisons		
10.1	<i>Sampling regions</i>	83

List of Tables

Table	Page
Section 1 - Purpose, Objective, and Method	
1.1 <i>Call dispositions</i>	22
Section 2 - Demographics	
2.1 <i>2005 United States Census Kentucky adolescent population estimates by age and gender</i>	27
2.2 <i>Kentucky adolescent race and ethnicity estimates</i>	27
2.3 <i>Kentucky household distribution by the number of adults and children living in the home</i>	28
2.4 <i>Percent of adolescent Kentuckians with a cell phone for personal use by age group</i>	29
Section 3 - Nicotine	
3.1 <i>Estimated number of adolescent Kentuckians who smoked cigarettes in the past 30 days, past year, and lifetime by gender</i>	31
3.2 <i>Estimated number of adolescent Kentuckians who smoked cigarettes in the past 30 days, past year, and lifetime by age group</i>	32
3.3 <i>Estimated number of adolescent Kentuckians who ever used smokeless tobacco by age group and gender</i>	34
Section 4 - Alcohol	
4.1 <i>Estimated number of adolescent Kentuckians who used alcohol in their lifetime, within the past year, and within the past 30 days</i>	36
4.2 <i>Average number of days per month of alcohol use for adolescent Kentuckians who drank within the past month by gender</i>	36
4.3 <i>Percent and estimated number of adolescent Kentuckians who ever drank and binged on alcohol at least once</i>	37
Section 5 - Drugs	
5.1 <i>Lifetime drug use prevalence for adolescent Kentuckians by gender</i>	39
5.2 <i>Estimated number of adolescent Kentuckians who ever used marijuana</i>	41
5.3 <i>Estimated number of adolescent Kentuckians who ever used cocaine</i>	43
5.4 <i>Estimated number of adolescent Kentuckians who ever used other stimulants</i>	45
5.5 <i>Estimated number of adolescent Kentuckians who ever used oxycodone</i>	47
5.6 <i>Estimated number of adolescent Kentuckians who ever used other opiates</i>	49
5.7 <i>Estimated number of adolescent Kentuckians who ever used sedatives</i>	51

Table	Page	
5.8	<i>Estimated number of adolescent Kentuckians who ever used hallucinogens</i>	53
5.9	<i>Estimated number of adolescent Kentuckians who ever used club drugs</i>	55
5.10	<i>Estimated number of adolescent Kentuckians who ever used inhalants</i>	57
5.11	<i>Estimated number of adolescent Kentuckians who ever used other drugs</i>	59
5.12	<i>Estimated number of adolescent Kentuckians who ever used illicit drugs</i>	61
Section 6 - DSM-IV-TR Criteria		
6.1	<i>Estimated number of adolescent Kentuckians who meet abuse criteria by gender</i>	63
6.2	<i>Estimated number of adolescent Kentuckians who ever met three or more dependence criteria by gender</i>	64
6.3	<i>Estimated number of adolescent Kentuckians who ever met abuse or dependence criteria by age</i>	66
Section 7 - Treatment Utilization and Treatment Need		
7.1	<i>Estimated number and percent of adolescent Kentuckians in need of alcohol or drug treatment</i>	68
Section 8 - Attitudes and Beliefs		
8.1	<i>Percent of adolescent Kentuckians who believe they would be seen as "cool" if they used cigarettes, alcohol, or marijuana by those who have and have not used that substance</i>	71
8.2	<i>Perception of risk for cigarette, alcohol, and drug use among adolescent Kentuckians</i>	72
8.3	<i>Relative risk for adolescent Kentuckians to ever use drugs or alcohol by the number of close friends who drink or use drugs</i>	73
8.4	<i>Adolescent Kentuckians' perception of parents' disapproval of using cigarettes, alcohol, or marijuana regularly</i>	74
8.5	<i>Percent of adolescent Kentuckians who drink or use drugs by nicotine use</i>	77
8.6	<i>Relative risk for adolescent Kentuckians who use nicotine to drink or use drugs compared to adolescents who do not use nicotine</i>	77
8.7	<i>Percent and relative risk ratio for lifetime alcohol and drug use for adolescents with a driver's license, cell phone, and job outside of the home</i>	78

Table		Page
	Section 9 - 1998 Kentucky Adolescent Household Survey Comparison	
9.1	<i>Comparison of 1998 and 2005 cigarette smoking for adolescent Kentuckians by gender, age group, and race</i>	79
9.2	<i>Comparison of 1998 and 2005 smokeless tobacco use for adolescent Kentuckians by gender, age group, and race</i>	79
9.3	<i>Comparison of 1998 and 2005 drinking for adolescent Kentuckians by gender, age group, and race</i>	80
9.4	<i>Comparison of 1998 and 2005 illicit drug use for adolescent Kentuckians by gender, age group, and race</i>	80
9.5	<i>Comparison of 1998 and 2005 marijuana use for adolescent Kentuckians by gender, age group, and race</i>	81
9.6	<i>Comparison of 1998 and 2005 treatment need estimates for adolescent Kentuckians by gender, age group, and race</i>	81
9.7	<i>Comparison of 1998 and 2005 alcohol abuse and dependence estimates for adolescent Kentuckians by gender, age group, and race</i>	82
9.8	<i>Comparison of 1998 and 2005 drug abuse and dependence estimates for adolescent Kentuckians by gender, age group, and race</i>	82
	Section 10 - Regional Comparisons	
10.1	<i>Lifetime cigarette, alcohol, and drug use prevalence rates for adolescent Kentuckians by region</i>	84
10.2	<i>Estimated number of adolescent Kentuckians who ever used cigarettes, alcohol, and other drugs by region</i>	84
10.3	<i>Substance abuse and dependence prevalence and current treatment need for adolescent Kentuckians by region</i>	85
10.4	<i>Estimated number of adolescent Kentuckians who meet abuse or dependence criteria and need treatment by region</i>	85
