RECOVERY CENTER OUTCOME STUDY (RCOS)
CLIENT INFORMATION SYSTEM UPDATE

1. All Recovery Centers begin using the RCOS Client Information System starting March 1, 2013. The **new link https://ukcdar.uky.edu/RCOS** requires a log-in and password to access.

   a. **Need a unique log-on ID and/or password? Forgot your password or log-in ID?**
   Contact your Recovery Center Program Director who can enter/edit/delete staff access with the User Management tab on the Client Information System home screen.

2. **Benefits of the new RCOS Client Information System** include access to:
   a. A client list showing who has completed a Phase 1 intake interview and who was discharged from the RCOS system
   b. Client specific Recovery Life History Reports based on client responses to RCOS Phase 1 intake interview questions. These reports:
      i. can be saved and edited as a word document
      ii. can be uploaded into your medical record or printed for your files

Need help getting setup with the RCOS Client Information System?
Contact us and we'll be glad to help you!
